# Library Donation Policy

# Speedway Motors Museum of American Speed Library's Donation Policy

The Speedway Motors Museum of American Speed Library is a collection of physical and digital research materials significant to American racing and automotive history. We are an accredited 501c3 non-profit organization. The Library has received many generous donations in the past and we are excited to continue growing our collection. With that in mind, we are looking for titles that will help us remain focused with the titles already in our library. Your collection could be the next one in the library.

## ***Donation Criteria:***

Materials donated to the library must fit the following description:

1. Donations must pertain to the subject matter of the museum's collection.  
*(American Auto Makers, Pedal Cars, Racing, etc.)*
2. Donations may be books, magazines or digital documents.
3. Donations should be in good condition. *(no damaged or moldy items)*

## ***Before you donate:***

Before donating please read the following:

1. Look through everything you are considering to donate and make a list of titles, years, issues, and basic condition.
  - a. If magazines are part of the donation look at the list of magazines the museum is currently collecting on the following pages. (If the title is not on the list ask our librarian about the possibility of adding to the collection.)
2. After you have compiled a list of the items you plan to donate contact our librarian at the Museum of American Speed.
3. The donor must decide or find out what his/her collection is worth for tax deduction. Museums are not certified to appraise any materials.
4. Furthermore, the donor understands the museum reserves the right to use or discard any donation.

Once the librarian has authorized the donated materials it is the donor's responsibility to get the materials to the library, unless otherwise specified by our staff. (Shipping costs will be tax deductible as it is part of the donation.)

If for some reason something in your donation does not fit into our collection, we will make an effort to direct you to a library for you to contact that may be interested.

As part of your donation a Deed of Gift will be provided acknowledging your donation

**Magazine titles currently in the library:**

12 Port News	Chevy High Performance	Hot Rod Magazine Mustang
